Mission Statement

To lead and represent the forestry profession, which meets, in a sustainable manner; society’s needs from Irish forests, through excellence in forestry practice.

Objectives

- To promote a greater knowledge and understanding of forestry in all its aspects, and to advance the economic, social and public benefit values arising from forests.
- To support professionalism in forestry practice and help members achieve their career goals.
- To establish, secure and monitor standards in forestry education and professional practice.
- To foster a greater unity and sense of cohesion among members and provide an appropriate range of services to members.

Why be a Member?

The Society of Irish Foresters (SIF) fulfils its Mission Statement and Objectives by:

- Representing the interests of over 700 members, predominantly professional foresters, but including, through its associate and student membership, a wide cross-section of people involved, or with an interest in, the forest and timber industry.
- Providing an appropriate range of services to its members, e.g. field days, study tours, workshops, lectures and symposia. The Society also publishes **Irish Forestry**, the sole technical publication on forestry in Ireland, a biannual newsletter **The Irish Forester**, policy position statements and other books of both historical and technical interest. An expansion of services is proposed, e.g. group indemnity insurance scheme.
- Supporting its members by ongoing representation and dialogue on forestry issues at National Government and EU level.
- Promoting professional standards in forestry and the regulation of the forestry profession, by implementation of its Code of Ethics and Professional Conduct.

- Ensuring that the practice of forestry is carried out by appropriately qualified and recognised professionals. To this end SIF is involved with forestry education in Ireland and has a Continuous Professional Development (CPD) Programme in position.
- Maintaining a website at www.societyofirishforesters.ie to inform members and the general public on SIF activities, general forestry matters and forestry links, as well as the provision of a Consultant Foresters list.

How to Join

There are three types of membership of the Society of Irish Foresters:

Technical Members must hold a degree or diploma in forestry from a third level institution recognised by the Society, or the Foresters’ Certificate of the Society. Technical membership applicants should enclose a copy of their qualification with the application form. Technical members are entitled to use the designation *MSIF*.

Associate Members do not need to hold a technical forestry qualification but should be desirous of promoting the objectives of the Society and have an interest in forestry generally.

Student Members should be pursuing a degree or diploma course in forestry at a third level college recognised by the Society.

All intending members need to be proposed and seconded by existing members.

Intending members should complete this application form and forward it to:

The Society of Irish Foresters
 Glenealy, Co. Wicklow, Ireland
